# Saving PiP For Me on your home screen (iPhone)
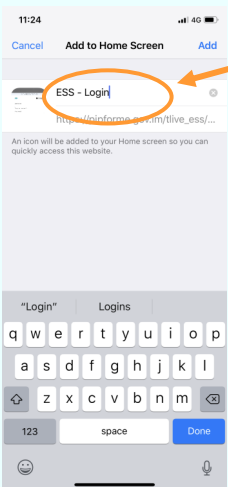

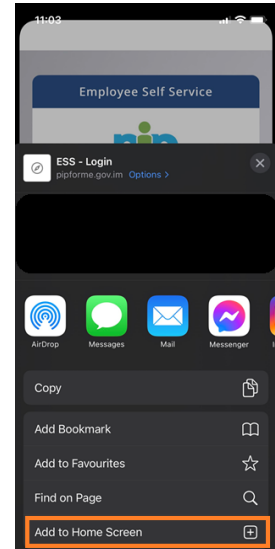

STEP ONE: Open a web browser on your phone and enter **https://pipforme.gov.im/tlive_ess** This will bring up the log in screen for PiP for Me.

**STEP TWO:** Select the **Share** button

STEP THREE: At the bottom of your screen, scroll down through the icons until you find the **Add to Home Screen** Button

STEP FOUR: Select the **Add to Home Screen** button and then rename your icon "PiP for Me"

STEP FIVE: Select **Add** which should close your browser and return you to your home screen

STEP SIX: Your new app "PiP for Me" should now be on your mobile home screen.

If you now select this PiP for Me will load ready for you to log in.
